Phone: (52) 55 2972-6050 | Email: sofiaclarf@gmail.com | Mexico City, Mexico

LinkedIn: [Sofiacarf](#) | Portfolio: [My-Portfolio](#) | GitHub: [Sofiacrf](#)

Full stack web developer leveraging background in communications to provide unique perspectives on how end-users and clients wants a website. Earned a certificate in Full Stack Web Development from Tecnologico de Monterrey Coding Boot Camp. I have experience in front end utilizing a combination of strong communications skills as well as strategic thinking.

## TECHNICAL SKILLS

**Languages:** JavaScript ES6+, CSS3, HTML5

**Applications:** GitHub

**Tools:** jQuery, Bootstrap, Node

## PROJECTS

**Sports Almanac** | [link to GitHub](#) | [link to deployed project](#)

- Summary: as a sports fan the website provides a list of soccer matches as well as the highlights of the selected league
- Role: JavaScript collaborator
- Tools: HTML, CSS, JavaScript, jQuery, Materialize, GoogleFonts, APIs

**Password Generator** | [link to GitHub](#) | [link to deployed project](#)

- Summary: Password generator that allows the user to choose the characters and length of the password. By using this application the user prevent a security risk by getting a strong password
- Role: sole author
- Tools: HTML, CSS, JavaScript

**Weather Dashboard** | [link to GitHub](#) | [link to deployed project](#)

- Summary: Weather dashboard that makes it easier for the user to see the current weather and the forecast for the upcoming 5 days. The advantage of the application is that allows the user to look for every city in the US
- Role: sole author
- Tools: HTML, CSS, JavaScript, APIs
